Dear [REDACTED]

Thank you for submitting 68 samples from Ethiopia as received at the World Reference Laboratory (WRL), Pirbright on 22nd December 2005. The samples have been tested for the presence of foot-and-mouth disease virus with the following results as set out in the enclosed table. Please could you send me details of the origins of each sample, including the species of animal from which samples were collected and whether the material sent has been grown in cell cultures.

Yours sincerely
